(Note: the above price breakdown is for the ability to deduct this amount if a full month isn't offered by studio. Any student not invested in group classes the lesson are \$25 per 30 min for)

All fees are due before the first lesson of the month

It is appropriate to give me 30 days notice of your final lesson and will be held responsible for payments.

Make-Up Lessons

The make-up lesson time must be made at the time when the lesson is canceled.

If no times are available you may contact me on a daily basis to check for openings.

A make-up lesson can only be given if my schedule allows.

Lessons missed without notice will not be re-scheduled and payment is expected.

All lessons cancelled by myself will be either made-up or credited to the next month. When there are 5 lessons in a month one will be taken off.

Note: I understand busy schedules and will try to be as flexible as possible, but I cannot make-up every lesson missed. The sooner you let me know you cannot make your lesson time the better your chance of rescheduling.

All students are required to take private lessons and participate in the group lessons. There are various levels to the classes and you will be informed of your level at the first lesson. Attendance is . The class fee is required even if you cannot attend in order to ensure that it can be there when you can make it. If my schedule doesn't permit the class to meet 4 times per month please deduct \$5 per class from total month cost. We will have between 3-5 concerts per year. There is a yearly \$25 recital fee concert that is collected in .

Practice: I teach all ages and levels of students and the exact amount of practice is different for each level. I believe that once happiness is found in playing music then natural practice will occur. Some discipline is necessary to form good practice habits therefore a clear understanding of what and how to practice should be formed in the lessons. The younger the student the more the parents should be involved in planning for practice.

The student will need to bring their bass, books (George Vance and Jamming on the bass), and notebook to each lesson. It is very important to practice with the recording at home. Other study books and recordings will be recommended on an individual basis.

I have read the policies and understand/agree with them. _____
