

Summer Bass Studio Schedule BassWorkshop is June 25th-29th. The studio will not be open from Mon June 24th-Thru Mon July 8th.

Please make every attempt to Attend/Support/ and promote the KCBASSworkshop. It is a very important part of every students success and it is the studio commitment to it that allows it to exist every year. It also takes and extraordinary amount of extra work on my part and if my students are not benefiting from it then I'd prefer to spend my energy elsewhere.

#### June

Monday only 3 lessons (off June 24th)

Tues only 3 lessons (off June 25th)

Wed only 3 Lesson (off June 26th)

Note: June 1st-June 8th (ill be at ISB performing and teaching) and JUne 17-22nd (I'll be at LA Bass workshop teaching and performing) will be sub Erick Rios (an amazing bassists from El Paso Texas) I'm super excited for him to sub to prepare you for the workshop. Erick has an amazing way of playing and teaching and has his masters of music from Nebraska with Hans Sturm. He has been teaching public school in his hometown of El Paso along with freelance playing. His number 915 850 4900

It's a bit harder for me to be away from all of my students as I care deeply about you all. However, with subs like these it does make it easier. Much of the traveling I'm doing is to bring more things back to the studio to make it easier for all of you to learn more at an easier pace. So it is worth it. Feedback from all of you is always appreciated.
