

Why Are We Like This? (The Shrugger)

Intro Farandole. End music and narration starts.

Narrator (Johnny)

A longtime ago plus a few seconds in a galaxy far away but really the room next to it..... Here in the land of Piggie cheese Gorillas and Buffalo chickens There are a simple people named the Kobolds.....Sometime mistakingly pronounced Kilbabels... They are a tribe of mystical, mischievous, and benevolent Kangaroos with 9 tails (not to be sued by Naruto) and faces of basses! They generally speak in dolphin speak (all make dolphin speak) They are the keepers of magical bubble wand that if you put on the bandana just right it turns you into a god (one who controls all the cheese in the Caves in Missouri). They have a centuries (ok it was really just the 90s) old tradition of making bubbles overhand)

all Kobolds make bubbles overhand.

We see a group of them right now getting ready to pull a fun loving prank... Which prank is it this time??? Maybe the classic whoopee cushion? Or the epic kick me sign on the back? Or a more creative cheese meat dolphin soup ice cube?

Let's really find out who's these Kibabels... I mean good team Kobolds are? In this group there is Baller (lucy) who likes to shape shift into a dog and leave poo poo right under people feet on the dance floors causing them to have really fun but stinky new dance moves And (Issac) Bassman who rides an insanely small monkey while he jams his bass so loud that people stop fighting cause they can't hear each other yelling. And the leader of the pack.. The prankster so benevolent he makes everyone laugh so hard after his pranks that it causes world peace.... He is THE. SHRUGGER!!!! (Char Shrugs)

These Kobolds are hard to find as they walk so lightly they don't leave tracks very often.

Let see if we can hear them?

Play Footprints riff 4 X

Would you stop playing we are trying to hear the kobabels.. I mean Kobolds. (kobolds chuckle)

Play 2 X in F

I said stop (kobolds laugh again)

Play 2X C

Really? (again Laugh)

Play F# F E A (3xs each)

No listen if you keep this up we won't ever find them (Kobolds high five each other laughing)

Play C 2 X

Ok I give up I'm out!

Meanwhile back at the evil people community center and haberdashery there is a new plot brewing to destroy the Kobabels.... I mean... UUUUUUUUUUUUUUU

(Landon speaks) I Nip the political propogandist am going to shape shift into a virus and clone myself to make an army of real jerks to fake friend you til you forget who your real friends are and then you wont be able to tell who is just having fun and joking and the people that will really want to steal your cheese safely guarded in the caves of Missouri !!!

(Arianna speaks) I am Cobweb Cow and I really have a problem with how they wave that wand the wrong way... Can you believe they hold it that way? I'd hold it the right way underhand. I'm going to speak to my army of spiders and they can help me defeat those silly kobolds.

(Parker speaks) I am (evil laugh cause that's his name) and I'm the one who makes the real pranks not those kobolds... (laughs again)

Narration: Oh no the evil plans seem like a solid take over.. The kobolds will need help but, who will ever save them?

The good team yells

We Will

Narration: Why it's Late Night super hero who burp forcefields (burps) and can stay to see the last band of the night every night of bass fest!!!! And it's Jkobh who can teleport and make herself look bigger than her brother!!! And it's the UG Ultimate Gamer who has the power to teleport chocolate shakes into her hand while driving her Mirage Blue Transformer Car and beating every video game ever created.

Well this should be an interesting battles..

Play the Trooper (while we play make sure you say battle sounds like ouchie, charge not cash, We must take them out..... to lunch)

Narration:

Wow, the good team was smart enough to ask the Kobolds how to find the very very very very very very special (I mean super super special) Peppa pig jigsaw Puzzle that is the only way to defeat such nasty group of Meanies. Now the Kibabels I mean Kobolds can continue their ways without judgement. Thanks to the good team everyone knows where the good laughter and pranks come from. Everyone can choose to wave their wands under or over.... And we even don't mind hearing that one guy laugh (He laughs)

Cause everyone is unique and that's the way it grooves.....

Play Kobolds
